INTRODUCTION

A Scout comes to winter camp to have fun, to have a great learning experience, to learn some skills and, yes, possibly to earn a few merit badges. In this addendum, you will find information on the policies and procedures at Circle Ten camps with regard to our merit badge programs.

At Winter Camp, all merit badge classes will be conducted in the morning with the afternoon free for special programs (see Leaders' Guide). Encourage a Scout to take up to three merit badges, but also to participate in our fun afternoon and evening programs.

Helpful Hints For Selecting Merit Badges

Here are some other helpful hints to consider as you incorporate the Winter Camp merit badge program into your unit program:

- Avoid scheduling and age conflicts by reviewing the merit badge sessions and activities for which your Scouts have registered.
- Discuss the merit badge requirements with your Scouts. You know each Scout's capabilities. Guide him to ensure that he has fun while experiencing new activities at camp which are within his developmental level. We encourage your Scouts to take a variety of merit badges in order to experience something completely different.
- Give a Scout alternatives and choices. Sometimes a Scout's desires are bigger than his abilities. Guide the Scout toward merit badges for which he is best suited. Remember some merit badge sessions are limited due to equipment limitations, skill level required, and safety considerations.
- Check requirements for any equipment the Scout may be required to bring and for any extra fees involved.
- Complete the required online scheduling in Black Pug before the December 9 deadline.

Black Pug Course Registration

The Winter Camp merit badge and program registration process will be online and can be accessed at the following link: <https://scoutingevent.com/571-WinterCamp2020> delivered through the Black Pug web site). **Your unit will be able to sign up individual scouts for classes for five weeks starting November 1 and running through December 9.**

You will sign up your Scouts for a class, not a specific class time. The Black Pug system will balance all of the Scouts who want a particular class over all of the times that the class is offered.

Due to feedback from the unit leaders who have attended our camps in the past, we will be imposing hard caps on many of our most popular classes. Priority will be given to those units who submit their schedules first and we will do our best to accommodate the class requests of every youth.

If your Scouts would like to schedule an hour off, that is an option that will be available during the sign-up process.

Course Schedules

Your Scouts individual class schedules will be available to you through Black Pug a week after registration closes. This will be made available through the Black Pug account that was used to register the scout. This should allow for ample opportunity for you to communicate back to your Scouts and help you in your camp planning and preparation.

Due to the number of Scouts attending, we ask that you print and distribute Scout course schedules before you arrive. We are not able to print schedules at Winter Camp. Each unit must provide their Scouts with a printed course schedule.

Course Changes at Camp

After lunch on check-in day, units may go to the Training Lodge to make merit badge add/drop requests. Add/drop will be open until 4:00 p.m. After that point, all changes will be closed and final course rosters will be printed for the first day of classes the next day.

Course Materials

All Scouts should bring a merit badge worksheet and pencil to class. We also recommend that every scout has a current Merit Badge Book during winter camp. The merit badge book should be brought with the Scout to Winter Camp, because the Trading Post may not have any in stock. Merit badge worksheets can be found and printed from:

http://meritbadge.org/wiki/index.php/Merit_Badge_Worksheets

Class Guidelines

Absolutely no “class jumping” by Scouts! The Scout MUST attend the merit badge class and correct hour of the class in order to be counted as present. We will count the Scout as absent in his assigned hour even if he is present at another time.

Disruptive, disrespectful or aggressive behavior will not be tolerated! If a Scout becomes so disruptive and unmanageable during class, they will be asked to leave and they may not be allowed back unless under the supervision of their unit leader. The unit leader will be informed of this should it occur. Please discuss appropriate classroom behavioral expectations; we thank you in advance.

Merit Badge Completion & Partial

At Winter Camp, merit badges will be offered in three 50-minute periods each morning. Please note, this is ~40% less time that is normally allowed in a typical summer camp merit badge program. Some merit badges may be able to be completed at Winter Camp, but most will be partials.

The Scout must successfully demonstrate the intent of the requirement to receive a completion for that requirement. This is the merit badge counselor's call. Attendance is not justification for completion.

At the conclusion of camp, reports detailing each Scout's attendance and the requirements they completed for your committee will be available via Black Pug to use in awarding any advancements. Verify your merit badge attendance and completion record in Black Pug prior to departing camp to ensure Scouts get credit for their accomplishments.

Merit Badge Counselors

The Winter Camp program is designed so that Order of the Arrow Scouts as well as adults teach Scouts. You may offer cheerful assistance to the staff members at the merit badge session, but remember the staff member is in charge. Your greatest assistance may be in helping to maintain discipline and to encourage respect for the merit badge counselors.

We are constantly looking for skilled instructors for our Merit badges. If any unit leader possesses a skill that he/she would like to teach at camp which matches our merit badges offered, feel free to contact us immediately. We can put you on the schedule to teach if we are needing extra instructors.

TRAIL TO FIRST CLASS PROGRAM

	This program is designed for the first year Scout who has been in your troop for less than six months. Instruction will include rank requirements and all the basic Scouting skills. The Winter Camp staff will not sign off any requirements, but will only provide instruction on them. Much will depend on class size, weather, etc. but we will attempt to offer instruction in the following requirements:	Periods	Min Age	Fee
		3	-	-
Tenderfoot	3a, 3b, 3c, 3d, 4a, 4b, 4c, 5a, 5b, 5c, 6a,7a, 8

ADULT LEADER TRAINING

Every Scout deserves a trained leader! We are pleased to offer the following adult leader training courses at Winter Camp. Have your adult leaders take advantage of these to enrich the quality of their programs in the areas of high adventure, shooting sports and climbing.

Adult Leader Course	Length	Fee	Notes
<u>Wilderness Remote First Aid</u>	All day, Dec 29 & 30	\$35	This is the course that is now required for at least one member of every High Adventure crew. The class will be offered only to adults registered with a troop in attendance at Winter Camp. To take the course you must show that you have a current CPR certification card to sign up as it will not be taught in the class.
<u>CPR & First Aid Basic</u>	5 hrs, Dec 28	\$20	The course will be offered on Dec 28. The class will be offered only to adults registered with a troop in attendance at Winter Camp.
<u>NRA Range Safety Officer</u>	All day, Dec 28	\$50	Rifle, Shotgun, Pistol and Muzzleloading activities within the BSA require both a certified instructor and a Range Safety Officer. Upon passing the class and payment of NRA fees students will be certified to act as the Range Safety Officer for these activities. Must be 21 years old and a US Citizen, NRA Membership is recommended. Additional fees to be paid to the NRA upon completion of the course

Signing up for merit badges is easy! List the courses they wish to take in priority order. See the detailed course list for the course names to choose from. Up to 3 courses can be scheduled in the allotted Winter Camp day. Additional course names are collected in case some of the top 3 are not available

Once you make your selections the Black Pug program will automatically assign times to your course schedule.

Keep in mind each merit badge class is 50 minutes in length over 3 days total; Merit Badge counselors may offer additional "lab times" in the afternoon or evening to facilitate completion of certain requirements and it will be up to the Scout to listen and follow up with any lab times offered in the afternoon.
